CONTENTS

Chapter One – History and Plan Development 4
- Overview 4
- History of Fort Worth Sidewalks 5
- Benefits of Walking 5
  - Health 5
  - Environment 6
  - Equity 6
  - Community 7
  - Economy 7
- Types of Pedestrians 8
  - Children 8
  - Persons With Disabilities 9
  - Older Pedestrians 9
  - Adult Pedestrians 9
- Types of Trips 9
- Plan Development 10
  - Public Involvement 10

Chapter Two - Existing Conditions 14
- Existing Data 14
  - Walking as transportation in fort worth 14
  - Fort Worth Pedestrian Safety 14
  - Fort Worth Health Data 15
  - Fort Worth Sidewalk Infrastructure 16
  - Fort Worth Trails 16

Fort Worth Pedestrian Safety Improvements 17
Sidewalk Repair and Maintenance 19
Community Facilities Sidewalk Policy 20
Challenges to Installing and Repairing sidewalk Infrastructure 20
Barriers to Walking 20
Chapter Three – Proposed Policies and Programs 23
Recommended Traveled Way Design Policies 24
New Policies for Consideration 29
Improvements to Existing Policies 32
Stakeholder Coordination 36
Operations and Maintenance Recommendations 38
Community and Stakeholder Education 41
Encouragement Programs 44
Chapter Four – ADA Transition Plan and Universal Pedestrian Access 47
Fort Worth ADA Transition Plan 47
Universal Pedestrian Access Design 47
Essential Principles of Universal Pedestrian Access 48
Users and Needs 48
Mobility Impairments 48
Cognitive Impairments 49
Visual Impairments 49
Pedestrian Facility Design 49
Sidewalks 49
Curb Ramps 50
Detectable Warnings 51
Signals 52
Chapter Five – Costs, Prioritization, and Potential Funding Sources 53

Curb Ramp and Sidewalk Costs 53
Prioritization of Funding 54
Schools 54
Safety Concerns 54
ADA Infrastructure 54
Target Populations 54
Pedestrian Generators 54
Mixed-Use Land Uses 55
Sidewalk Gaps 55
Arterial Roadways 55
Potential Funding Sources 55
City Funding Sources 56
State and Federal Funding 56
Other Resources 57
Repair and Installation Funding Programs for COnsideration 58
Chapter Six – Benchmarking and Implementation 60
Benchmarking 60
Goal ONE: Create a Safe and Accessible Pedestrian Network 60
Goal TWO: Improve the Walking Experience for a Healthier Community 60
Priority and Funding Matrix 62
Works Cited 70
