Council-Manager Benchmark Cities
As Selected by Task Force

**Texas**
- Austin
- Dallas
- El Paso
- San Antonio

**Other States**
- Charlotte
- Kansas City
- Oklahoma City
Number of Council Members: Background

- The city council is currently composed of the mayor who is elected city-wide and **eight council members** elected from single-member districts.
- Each council member in Fort Worth represents approximately **101,000** citizens.
- In Austin, Dallas, El Paso, and Oklahoma City, each council member represents **fewer than 100,000** residents.
- In San Antonio, however, each of their ten council members represents more than **140,000**.
Number of Council Members: Questions

- Would increasing the number of single-member districts, perhaps from eight to ten, provide **all Fort Worth residents** with better representation?

- Would increasing the number of districts provide **minority groups**, such as Hispanics and African-Americans, with better representation?

- Would increasing the number of districts provide better representation for residents from different **geographic areas**, including older urban neighborhoods within Loop 820 and newer suburban neighborhoods beyond the Loop?
Terms of Office: Background

- Fort Worth’s mayor and city council members currently serve **two-year terms** and are elected in odd-numbered years.

- Council members in Dallas and San Antonio also serve for **two years**.

- Council members serve for **three years** in Charlotte and for **four years** in Austin, El Paso, Kansas City, and Oklahoma City.
Terms of Office: Questions

- Could longer terms increase the **effectiveness** of the mayor and council members?

- Would longer terms in any way reduce their **accountability**?

- Should the **cost** savings of holding less frequent elections, i.e. up to approximately $550,000 per municipal election, be a significant factor in this decision?
Staggered Terms: Background

- Fort Worth’s mayor and city council now serve **concurrent** two-year terms.
- Dallas, San Antonio, Charlotte, and Kansas City also have **concurrent** terms.
- Austin, El Paso, and Oklahoma City **stagger** their terms.
Staggered Terms: Questions

- Would staggered terms provide the city council with greater **continuity and stability**?

- Is it important to limit the amount of **turnover** that could occur in any city council election?

- Is it important to elect the mayor and all council members at the **same time**?

- Do the **terms of office**, i.e. two years versus three or four years, affect the importance of staggering those terms?

- Should the **cost** of holding elections be a significant factor in this decision?
Compensation: Background

- The mayor is currently paid $29,000 per year and the council members are paid $25,000, but the time demands on the mayor and council members have increased over the years as the city has grown in size and complexity.

- In comparable cities, salaries range from $24,000 for the mayor and $12,000 for council members in Oklahoma City to more than $123,000 for the mayor and $61,000 for council members in Kansas City.
Compensation: Questions

- Is it important to consider the **time demands** of the position when setting compensation?

- Is it important to consider the city’s **budget**?

- Would increasing the compensation allow **more citizens** an opportunity to serve in public office?
Conflicts of Interest: Background

- The city charter currently provides that no elected official or employee shall have a direct or indirect financial interest in a contract with the city.
- For example, if you work for the city, your spouse may not enter into a contract to provide goods or services to the City.
- Similar language appears in the charters of most comparable cities.
- Furthermore, the City’s Ethics Code elaborates upon this prohibition by discussing what constitutes a direct or indirect financial interest.
Conflicts of Interest: Questions

- Is it important to **retain** this provision in the city charter?

- Is this provision sufficiently **clear and understandable**?

- Could this provision from time to time **prevent** the city from entering into beneficial contracts?
Public Engagement Process

• Community outreach
  o Six public hearings
  o Speakers bureau
  o Meeting in a box

• Traditional media
  o City News weekly electronic newsletter
  o City Times monthly utility bill insert
  o Weekly Bulletin from Community Engagement Office
  o Display advertisements in newspapers
    ✓ Star-Telegram
    ✓ La Estrella
    ✓ Panorama news
    ✓ La Vida Black News
Public Engagement Process
(Continued)

• **Web/social media**
  - YourFort Worth.org
  - Fort Worth Texas.gov
  - Facebook and Twitter posts
  - Councilmember web pages
  - Mayor’s Message

• **Video**
  - FWTV
  - Other broadcast outlets

• **Media relations**
  - Pitch story to print and broadcast reporters.
  - Answer media inquiries.
  - Meet with *Star-Telegram* editorial board.
