

PART III: STORMWATER MANAGEMENT PROGRAM

- E. Legal Authority: The permittees shall ensure they have the legal authority to control discharges to and from those portions of the MS4 over which it has jurisdiction. This legal authority may be a combination of statute, ordinance, permit, contract, order or inter-jurisdictional agreements with permittees with existing legal authority to:
1. control the contribution of pollutants to the MS4 by storm water discharges associated with industrial activity and the quality of storm water discharged from sites of industrial activity;
 2. prohibit illicit discharges to the MS4;
 3. control the discharge of spills and the dumping or disposal of materials other than storm water (e.g. industrial and commercial wastes, trash, used motor vehicle fluids, leaf litter, grass clippings, animal wastes) into the MS4;
 4. control through interagency agreements among permittees the contribution of pollutants from one portion of the MS4 to another;
 5. require compliance with conditions in ordinances, permits, contracts, or orders; and
 6. carry out all inspection, surveillance and monitoring procedures necessary to determine compliance with permit conditions.
