Work Description:	Adding on a single office space to an existing bank of offices, within a 3,600sf warehouse/office lease space. The addition is going to be located in the same exact location as a previous office that was removed before our company took over the lease. Due to this, the air-handling unit was already sized to take on the additional space, including duct work and grilles which are existing and are currently suspended above the existing offices. The new office construction will match the existing office spaces, utilizing 3-5/8" metal studs and 5/8" drywall, an acoustical 2'x4' grid ceiling system, 2'x4' High Efficiency LED lighting, painted walls and VCT flooring.
