Contractor Information:	CLEAR CREEK HOME IMPROVEMENTS 8300 N WATER TOWER RD FORT WORTH TX 76179 817-683-4319						
Work Description:	This is a 60 x 50 insulated Warehouse that has approximately. 1500 square feet of the existing Office Space already occupied by Valley solvents employees. What they have hired me to do is add another 1000 square feet inside the warehouse to tie into the existing Office Space. Which means adding a conference room or hallway and two smaller offices. It won't take up the whole Space there's going to be an area up towards the front of the building where the exterior door is that will be storage. We will remove the existing overhead door and frame in and install new R panels. We will add one 72 by 36 sliding window for the conference room and 1 - 3030 single hung window for each office for a total of three windows for the job.. Typical insulation for the walls and ceiling stick framing drywall with ceiling grid. We will be adding a separate HVAC split system to heat and cool the new space. For all of the lighting we are looking at approximately 12 - 2 x 4 LED flat panel lights 4000k. We will also have to add one electrical plug in the center the conference room so we will have to cut some concrete. Glue down carpet, paint						Issued : 07/27/2018
	Thank you.
