Please use this as your guide to understand everything the City has to offer its employees, including the plans and coverage options that make the most sense and provide the most value for you and your family.

Inside, you’ll find the information you need regarding eligibility, our programs and coverage specifics to help you make smart decisions about your healthcare coverage. However, remember the official plan and insurance documents will govern your rights and benefits under each plan.

For more details about your benefits, including covered expenses, exclusions, and limitations, please refer to the individual summary plan descriptions (SPDs), plan document or certificate of coverage for each plan. If any discrepancy exists between this guide and the official documents, the official documents will prevail. The City of Fort Worth reserves the right to make changes at any time to the benefits, costs and other provisions relative to benefits.

CITY OF FORT WORTH EMPLOYEE HEALTH CENTERS

Southwestern Health Resources, a collaboration between Texas Health Resources and UT Southwestern Medical Center, is working with the City of Fort Worth to provide exceptional healthcare benefits for employees, retirees and their dependents.

This program offers convenient access to primary care, including three healthcare centers and five satellites sites where quality and exceptional patient care are priorities.

The City of Fort Worth’s Healthcare Benefits Program includes eight locations available through Southwestern Health Resources — each of which is staffed by Texas Health Resources physicians who can handle any kind of primary care patient needs and who also refer patients to in-network premium designated specialists for specific medical care, if needed.

Top-notch physicians and other medical experts are available at each location, as well as care coordinators and patient navigators to help with any referrals to specialists that patients may need.

COMMITTED TO OUTSTANDING SERVICE

Southwestern Health Resources is fully committed to delivering a high level of service for each and every member on the City’s health plan. When you become a patient, you’ll have access to:

- **Prompt Appointments**
  Same-day appointments are available at City of Fort Worth Employee Health Centers, plus referrals to see specialists when needed.

- **Short Wait Times for Office Visits**
  The goal for office visits is ensuring employees receive prompt care. For most routine needs, appointments will take 30 minutes or less. If lab work or care that goes beyond the basics is needed, an office visit could take longer. The highly trained staff will work with patients to make sure you’re in-and-out as quickly as possible.

- **Online Access to Resources**
  After your first office visit, you can access a private member portal through www.FortWorthEmployeeHealthCenter.com. This can be used to communicate with physicians, request prescription refills, see results for medical tests, review medical history and more.
THREE MAIN LOCATIONS AND FIVE SATELLITE OFFICES THROUGHOUT THE COMMUNITY

Immediate appointments are available for most needs. For sick or urgent care, patients are seen on the same day or next day in many situations. Primary care physicians (PCPs), physician assistants and/or medical assistants, who are part of Texas Health Physicians Group and the Southwestern Health Resources Network, see patients at the following locations:

FLEXIBLE SAVINGS ACCOUNTS

Discovery Benefits
The City of Fort Worth offers three types of Flexible Spending Accounts (FSAs) to help you save for out-of-pocket expenses. This money is deducted pre-tax so it will lower your taxable income. These accounts are “use-or-lose”, meaning you must use most of your funds by the end of the plan year or you lose the money. You will be able to carry over up to $500 of your FSA Health Account at the end of the plan year to use in the next year.

How a Flexible Savings Account works:

• You can set up a FSA Health Account for eligible healthcare expenses such as deductibles, copays, co-insurance, prescription drugs and dental expenses. The maximum you can contribute is $2,650.

• You will receive a card in the mail from Discovery Benefits. You can use this card at the point of service. Discovery may contact you for your receipts to back up your claim.

• You are able to use your FSA for members of your family who are not covered by the City’s medical or dental program, provided they are not on a high-deductible health plan elsewhere.

• The FSA Health Account is fully funded immediately. If you need FSA funds in January, 100% of your election is available to you.

• Participants in the Consumer Choice Plan cannot contribute to FSA Health Account.

Dependent Care
You can set up a FSA Dependent Care Account to help pay for eligible child- and elder-care expenses so you (and your spouse if married) can continue work or attend school. The maximum contribution is $5,000 per family.

• A Dependent Care Account is available for your children under the age of 12 who are in daycare. You cannot use FSA Dependent Care funds for private school tuition, episodic daycare or for daycare for children over the age of 13, unless they are disabled.

• The Dependent Care Account is use-or-lose money. If you do not use the money in the plan year, you lose it.

• The Dependent Care Account only allows you to take out what you have contributed thus far. For example, if you have a daycare bill for $500, but there has only been $192 deposited into your account, you will only be able to receive reimbursement for the $192.

Adoption
You can set up a FSA Adoption Account to cover adoption-related expenses such as legal fees, home-study costs and travel expenses.

• The Adoption Account contains use-or-lose money, too. If you do not use the money in the plan year, you lose it.

• The Adoption Account also only allows you to take out what you have contributed thus far.
Consumer Choice Plan (HDHP)
The Consumer Choice Plan is a high deductible health plan (HDHP) in which you pay the deductible before the insurance begins to pay.

The Consumer Choice Plan offers in-network benefits only. When you need care, go to a UnitedHealthcare in-network doctor or facility. Preventive services including annual check-ups, children’s immunizations and an annual well-woman exam are covered at 100% with no co-insurance, and the deductible is waived.

If you request or your provider does additional testing to diagnose a condition during your annual check-up, you will be charged the cost of the additional testing.

Employees covered by Tri-Care, Medicare Part A/B, or their spouse’s insurance that is not a qualified high deductible health plan are not eligible to participate in the Consumer Choice Plan.

Enrollment in the Consumer Choice Plan for employees ONLY option is no cost. See page 14 to learn more.

HEALTH SAVINGS ACCOUNT
Discovery Benefits
If you enrolled in the Consumer Choice Plan, you will use a Health Savings Account (HSA) to pay for health care expenses. The City contributes to your HSA and you can make pre-tax contributions as well.

The benefits of the HSA include:
- The City will contribute the lump sum amount of $540 for individual coverage and $1,000 for family coverage up front, prorated for those hired after January 1;
- In addition to the City’s contribution, you can contribute an additional $2,960 for individual coverage and $6,000 for family coverage on a pre-tax basis through regular payroll deduction
- If you are over age 55, you can contribute an additional $1,000;
- Your unused balance rolls over from year to year; and it’s your money – if you leave the City your account goes with you.

Quick Facts
All preventive care, including mammograms and routine colonoscopies, are free to members on both the Health Center Plan and the Consumer Choice Plan.

Consumer Choice Plan members will be able to use the health centers at a discounted rate.

Mental health services are treated like medical services regarding the billing process under both plan options.

For the Summary Plan Description and the Summary of Benefits and Coverage including detailed coverage information, limits and exclusions, visit the City’s benefit website at www.fortworthtexas.gov/benefits.

You can also reach out to Compass, the City’s Benefit Concierge Service, at 855-769-4377 for price comparisons and help in finding the right doctor based on your need.

If you are waiving medical coverage please see required notices in the back of the booklet for important information on waiving your medical insurance plan.

Summary of Plan Benefits

The City of Fort Worth Health Center and Consumer Choice plans provide services in the offices of a Primary Care Physician (PCP) and Specialists.

For purposes of the City’s Health Plan, a PCP will be any physician in the City’s Health Centers or anyone who has contracted with UnitedHealthcare (UHC) as a Primary Care Physician (PCP). This will include providers who have contracted as a Family Practitioner, General Practitioner, Internal Medicine, Pediatric or OB-GYN provider and are listed in the UHC Choice Network as a PCP, Pediatrician or an OB-GYN provider. All other providers will be considered Specialists.

A member is not required to elect a specific PCP, and a referral from the PCP is not required to see a Specialist. Above are some general services and your payment amounts or percentages. Remember: Receiving covered health services from a Premium Designated Provider will be at a lower cost than those providers who are Nonpremium. You may view a provider’s status by visiting www.myuhc.com and looking for the TWO BLUE HEARTS.
UGRNT CARE VS. EMERGENCY ROOM USE

Health plan analysis this year revealed that one in every nine visits made to the ER by employees and non-Medicare retirees on the City’s current plan were for non-emergency issues.

In an effort to discourage non-emergency ER visits, copays are:
• $500 copay for emergency room visits (but will be waived if admitted to the hospital)
• $500 copay + 50% coinsurance after deductible if the visit is a non-emergency issue

Common conditions that do not need to be treated in the ER:
• Pink eye
• Earaches/ear infections
• Sore or strep throat
• Urinary-tract infections
• Allergies, cold and flu
• Sprains and strains
• Upset stomach
• Nasal congestion
• Minor fevers

In-Person Urgent Care Options
Convenient access for minor, non-emergency health issues can be found at:
• Urgent Care Clinics - CareNow
• Convenience Care Clinic - Minute Clinics

RETAIL PRESCRIPTION PROGRAM

OptumRX

The retail prescription program uses a network of participating pharmacies. To receive the highest level of benefits, you must use a participating pharmacy.

Prescriptions you fill at non-participating pharmacies are generally not covered. If you enroll in the City’s medical plan, you will automatically receive prescription drug coverage.

For those on the Health Center Plan, certain medications are covered at 100% when prescribed by a physician at one of the three primary health centers.

Find the preventative maintenance list of medications on the City’s Benefits page:
http://fortworthtexas.gov/benefits/prescriptions/

MAINTENANCE MEDICATION

Select90 Program

For members who take maintenance medication for chronic conditions, you will need to use the Select90 program to fill your prescriptions. You can go to Walgreens or use OptumRX mail order for medication to treat chronic conditions such as arthritis, asthma, diabetes, high cholesterol, high blood pressure and other chronic conditions.

For those on the Consumer Choice Plan, there is a list of preventive maintenance generic and brand-name medications. For both tiers, the deductible is waived and generic medications are covered at 100% and the preferred medications are covered, with you paying 20% co-insurance.

Medications that are available over the counter (OTC) are not covered by OptumRX and generic medications are mandatory. You will need a physician’s letter of need to receive the brand name.

Delta Dental

The City continues to offer four dental coverage options:
- A dental DPPO high option
- A dental DPPO low option
- A dental DHMO high option and
- A dental DHMO low option

The dental HMO plans have limited networks and are limited to those residing in certain zip codes.

The DHMO low option plan is only available to employees and enrolled dependents who live in the state of Texas; there is no coverage for dependents residing outside of Texas.

On the DHMO plan, you choose a primary care dentist who will direct your care. On the DHMO high option, all services are paid on a copay basis. On the DHMO low option, all services done by a general dentist are paid on a copay basis, but for those services done by a specialist, you would pay a discounted rate.

The DPPO plans allow you to see any dentist in or out of network, but there is a limit to how much the dental insurance will pay which includes services such as cleanings and x-rays.

You can receive four cleanings per calendar year on both the high and low DPPO options.

Orthodontics are only covered on the high DPPO option and implants are covered on both options to the plan limit.

LIFE INSURANCE – SECURIAN

Basic Life Insurance & Accidental Death & Dismemberment (AD&D)

The City of Fort Worth provides you with basic life and accidental death and dismemberment insurance in an amount equal to your annual salary.

Supplemental Employee, Spousal and Dependent Life & AD&D

You can purchase Supplemental Group Term Life Insurance for yourself and your family. Group Term Life Insurance provides you with lower rates and the ability to take your coverage with you, if you leave the City or retire. To purchase coverage for your dependents, you must purchase supplemental coverage for yourself.

Policies are available in amounts up to five times your annual salary. You may enroll your spouse in a flat $50,000 policy, and each of your dependent children is eligible for a $10,000 policy.

As an added benefit, employees who purchase Supplemental Group Term Life Insurance also receive additional travel assistance for emergencies, as well as funeral concierge services to help in planning services.
Long-term disability insurance provides income replacement in the event you are unable to work due to your own accident or a serious medical condition.

To be eligible to enroll in long-term disability, you must be an active employee and regularly work 30 or more hours per week.

You may choose coverage that replaces either 40% or 60% of your pre-disability earnings. The maximum monthly benefit is $6,000 for the 40% option or $9,000 for the 60% option.

You will also choose a waiting period – the amount of time you must wait after being declared disabled to collect benefits – of 90 or 180 days. The longer the waiting period, the lower the cost of coverage. Total cost of premiums also will depend on your annual salary, age and percentage of coverage you select.
EDUCATION REIMBURSEMENT PROGRAM
After completing the initial probationary period, regular full-time employees who plan to attend college or receive training in a business or technical field that is related to a City career field, may be able to receive financial assistance through the Education Reimbursement Program.

The program is designed to meet organization goals by assisting employees who elect to improve job performance or increase skills through education. Participation should be mutually beneficial to both the employee and the City of Fort Worth.

Every employee participating in the program and receiving assistance must have approval from their department.

Reimbursement
The maximum amount the City will reimburse per semester is $1,500 ($4,500 per calendar year). Tuition is paid directly to the school by the employee, but reimbursement of fees will be included in the employee’s paycheck when grades are submitted. Only grades C and higher in undergraduate courses and B or higher in graduate-level courses (or “pass” in ungraded courses) are eligible for reimbursement.

If an employee voluntarily leaves the city after receiving educational reimbursement, they must pay back 100 percent of the amount reimbursed in the 12 months prior to leaving, and 50 percent of fees reimbursed 13 to 24 months prior to leaving. If an employee works at least 2 years after receiving an educational reimbursement, no repayment is required.

Getting Started
Prior to beginning a class, complete a Tuition Reimbursement Application. Applications, as well as grades and an itemized receipt, must be turned in by that semester’s deadline to receive reimbursement.

Choosing a degree plan
Several degrees are generally allowed in the Education Reimbursement Program, but others may qualify. Check with the Benefits Office prior to selecting a degree plan. The following are examples of acceptable degrees:

- Associate of Arts (Business, Mass Communication, General Speech & Communication)
- Associate of Science (Accounting, Business, Geographical Information Systems, Information Technology, Management, Office Administration)
- Bachelor of Arts, Bachelor of Science (Accounting, Business, Criminal Justice, Environmental Science & Engineering)
- Master of Business Administration
- Master of Public Administration
- Master in City & Regional Planning
- Master of Library Science

VOLUNTARY LEAVE BANK
The City of Fort Worth offers a Voluntary Leave Bank that provides up to 240 hours of continued income after you’ve exhausted all your accrued leave. The hours are provided if you are required to miss work due to a personal medical emergency or to care for an immediate family member who has had a medical emergency.

If you are a first-time enrollee, four hours of vacation time will be deducted from your leave accrual once you have completed your probationary period. Each subsequent year you are enrolled, one hour of vacation is deducted from your total each January.
DEFERRED COMPENSATION OR 457 PLAN – TIAA

The City of Fort Worth offers you a Deferred Compensation or 457 Plan to make saving for your retirement easier and more convenient. You may contribute on a pretax or on a posttax (Roth) basis.

The 457 Plan offers a range of high- and lower-risk investment options, including target retirement date funds that are actively managed with a retirement date in mind. A brokerage account also allows you to invest in hundreds of mutual funds. You may contribute up to the IRS limit each year and change your contribution amount and/or investment allocations online anytime.

The 457 Deferred Compensation Committee monitors the performance of the plan. The committee meets quarterly and meetings are open to the public.

ARE YOU WELL?

WELLNESS PREMIUM DIFFERENTIAL

The City offers a premium differential for those who complete three activities through the SimplyWell portal or by phone at 1-888-848-3723.

The activities are:
1. Complete a Member Health Assessment (MHA)
2. Complete the Tobacco Affidavit (if a nonuser) or complete the Reasonable Alternative (if a user) through the SimplyWell portal
3. Receive a screening physical and submit the Physician Screening Form (PSF)

If you are a new hire prior to 6/1/19, you will need to complete these activities by 8/31/19 for the 2020 plan year. If you are hired 6/1/19 or later, you will need to complete these activities in 2020 for the 2021 plan year.

The Member Health Assessment (MHA) is a 23-item health questionnaire that is required to receive any incentive. The MHA can be completed online or over the phone.

Those who complete all three activities will receive a $100 monthly premium differential. This means employees will be assessed $100 each month to their insurance premium, if all activities are not completed by the August 31 deadline. Those who complete only the MHA and either the Tobacco Affidavit/Reasonable Alternative, or MHA and Screening Physical will pay $50 more per month.

Those who do the Screening Physical and the Tobacco Affidavit/Reasonable Alternative but do not complete the MHA will still pay $100 more per month on their premium.

For those enrolling a spouse into the Medical Plan, the spouse is also required to complete these three activities in order to pay the lowest premium possible, thereby avoiding the $50 or $100 additional charge.
HEALTHY CHALLENGE PROGRAM

By completing the three activities (MHA, Tobacco Affidavit/Reasonable Alternative, Screening Physical), employees are automatically enrolled into the Wellness Program and earn points towards the annual wellness payout in January.

Employees can then complete other activities (either online or in person) to earn up to 400 points which translates to a maximum of $250 per year.

EMPLOYEE ASSISTANCE PROGRAM

Resources for Living (866-611-2826)

Through the Employee Assistance Program (EAP), your spouse and other eligible members of your household have 24/7 access to help with issues such as marital or emotional relationship problems, drug and alcohol abuse, depression, stress and financial hardships — at no cost to you.

The program allows up to six free confidential counseling sessions per issue to help with any of these issues before any type of payment is required. After the free sessions, you can continue services with the provider covered under the City of Fort Worth’s insurance plan, but a copay and/or co-insurance may be required similar to the payment process for medical providers and services.

Also, many issues can be addressed directly with your EAP professional; in some cases, you may be referred to other resources. EAP services are available in person, via phone or online.
The notion of a Zero Accident Philosophy® is a specific component of our overall culture. We do not shrug off injuries as an inevitable part of our organization, because they are not. We never want to accept that incidents and injuries are something that can regularly happen to employees because our people are our organization’s greatest resource.

In order to protect this resource, we need to continue to follow a Zero Accident Philosophy® and ensure that it permeates through every level of the organization and every City of Fort Worth worksite. There is an important role in this program for each employee, and everyone is expected to join together to make The City of Fort Worth a successful, accident-free and healthy place to work.

Report Near Misses
Every employee deserves to go home in the same condition in which they arrived at the workplace. By working together and encouraging every City of Fort Worth employee to get involved in looking for and reporting near misses, including all unsafe conditions and unsafe acts, we can all do something to prevent accidents before they happen.

What is a Near miss?
An unplanned event that did not result in injury, illness or damage – but had the potential to do so. Only a fortunate break in the chain of events prevented an injury, fatality or damage; in other words, a miss that was nonetheless very near.
Alcohol Use
Two specific kinds of drinking behavior significantly contribute to the level of work-performance problems: drinking right before or during working hours (including drinking at lunch and at company functions), and heavy drinking the night before that causes hangovers during work the next day.

And it isn’t just alcoholics who can generate problems in the workplace. Research has shown that the majority of alcohol-related work-performance problems are associated with nondependent drinkers who may occasionally drink too much—not exclusively alcohol-dependent employees.

Prescription Drugs
A level of risk always occurs when using any drug, including prescription or over-the-counter medications.

Drug reactions vary from person to person. If you are taking a drug you haven’t had before, you won’t know how it will affect you. It’s important to follow your doctor’s advice when taking prescription drugs and discuss any side effects and how they might impact your work.

Some facts about alcohol in the workplace:
- Workers with alcohol problems were 2.7 times more likely than workers without drinking problems to have injury-related absences.
- A hospital emergency department study showed that 35 percent of patients with an occupational injury were at-risk drinkers.
- Analyses of workplace fatalities showed that at least 11% of the victims had been drinking.
- One-fifth of workers and managers across a wide range of industries and company sizes report that a coworker’s on- or off-the-job drinking jeopardized their own productivity and safety.

Some facts about drugs in the workplace:
- Workers who report having three or more jobs in the previous five years are about twice as likely to be current or past year users of illegal drugs as those who have had two or fewer jobs.
- 70% of the estimated 14.8 million Americans who use illegal drugs are employed.
- Marijuana is the most commonly used and abused illegal drug by employees, followed by cocaine, with prescription drug use steadily increasing.

The impact of alcoholism and drug dependence in the workplace
The City of Fort Worth has an established Employee Assistance Program (EAP) that is available to employees 24 hours a day/7 days a week. Our EAP program provides assistance to employees and their families, which in turn helps the City remain a Drug & Alcohol-Free Workplace. 866-611-2826
You may decline health coverage offered by the City of Fort Worth’s (Employer) group health plan. This is called a waiver of coverage. If you waive coverage for yourself, you may not cover dependents under the Employer’s group health plan.

Note that after 2013, if you decline coverage considered affordable and minimum essential under the Patient Protection and Affordable Care Act (“ACA”), you will not qualify for government credits and subsidies to purchase individual health insurance on the Health Insurance Marketplace. The decision to waive coverage has consequences for you. For example:

• If you must provide this written notice to: City of Fort Worth, Benefits Office, 1000 Throckmorton, Fort Worth, TX 76102

COBRA
The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and other members of your family when group coverage would otherwise end. For additional information about your rights and obligations under the Plan and under federal law, you should review the Plan’s Summary Plan Description or contact the Plan Administrator.

You may have other options available to you when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse’s plan), even if that plan generally doesn’t accept late enrollees.

WHAT IS COBRA CONTINUATION COVERAGE?
COBRA continuation coverage is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a “qualifying event.” Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a “qualified beneficiary.” You, your spouse and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you are an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

• Your hours of employment are reduced, or
• Your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because of the following qualifying events:

• Your spouse dies;
• Your spouse’s hours of employment are reduced;
• Your spouse’s employment ends for any reason other than his or her gross misconduct;
• Your spouse becomes entitled to Medicare benefits (under Part A, Part B or both); or
• You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because of the following qualifying events:

• The parent-employee dies;
• The parent-employee’s hours of employment are reduced;
• The parent-employee’s employment ends for any reason other than his or her gross misconduct;
• The parent-employee becomes entitled to Medicare benefits (Part A, Part B or both);
• The parents become divorced or legally separated; or
• The child stops being eligible for coverage under the Plan as a “dependent child.”

Sometimes, filing a proceeding in bankruptcy under Title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to the City of Fort Worth Health plan, and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee will become a qualified beneficiary with respect to the bankruptcy. The retired employee’s spouse, surviving spouse and dependent children will also become qualified beneficiaries, if bankruptcy results in the loss of their coverage under the Plan.

WHEN IS COBRA COVERAGE AVAILABLE?
The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. The employer must notify the Plan Administrator of any of the following qualifying events:

• The end of employment or reduction of hours of employment;
• Death of the employee;
• For retirees, commencement of a proceeding in bankruptcy with respect to the employer; or
• The employee’s becoming entitled to Medicare benefits (under Part A, Part B or both).

For all other qualifying events (divorce or legal separation of the employee and spouse or a dependent child’s losing eligibility for coverage as a dependent child), you must notify the Plan Administrator in writing within 30 days after the qualifying event occurs. You must provide this written notice to: City of Fort Worth, Benefits Office, 1000 Throckmorton, Fort Worth, TX 76102

HOW IS COBRA COVERAGE PROVIDED?
Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage that generally lasts for 18 months due to employment termination or reduction of hours of work. Certain qualifying events or a second qualifying event during this initial period of coverage may permit a beneficiary to receive a maximum of 36 months of coverage. There are two ways in which this 18-month period of COBRA continuation coverage can be extended:

1) Disability extension of 18-month period of COBRA continuation coverage
If you or anyone in your family covered under the Plan is determined by the Social Security Administration to be disabled and you notify the Plan Administrator in writing and in a timely fashion, you and your entire family may be entitled to receive up to an additional 11 months of COBRA continuation coverage, for a total maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of continuation coverage. Contact Discovery Benefits at 888-408-7224 within 60 days of the date of determination of disability.

2) Second qualifying event extension of 18-month period of COBRA continuation coverage
If your family experiences another qualifying event while receiving 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage for a maximum of 36 months, if the Plan is properly notified about the second qualifying event. This extension may be available to the spouse and any dependent children receiving COBRA continuation coverage, if the employee or former employee dies; becomes entitled to Medicare benefits (under Part A, Part B or both); gets divorced or legally separated; or if the dependent child stops being eligible under the Plan as a dependent child. This extension is only available if the second qualifying event would have caused the spouse or dependent child to lose coverage under the Plan had the first event not occurred.
ARE THERE OTHER COVERAGE OPTIONS BEYOND COBRA CONTINUATION COVERAGE?
Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid or other group health-plan coverage options (such as a spouse’s plan) through what is called a “special enrollment period.” Some of these options may cost less the COBRA continuation coverage. You can learn more about many of these options at www.HealthCare.gov.
