

City of Fort Worth, Texas Job Description

Classification Title	IT Help Desk Technician		
Job Code:	TC5250	Job Family:	Technical/Para-Professional
Pay Grade	509	Date Created:	08/22/15
FLSA Status	Nonexempt	Date Revised:	10/12/19

GENERAL SUMMARY

Serves as the primary contact for technical assistance for end users requiring support of IT applications, services and equipment. Troubleshoots and supports break/fix issues including analysis and repair of connectivity, software and hardware, access requests, equipment configuration, quality control, software installation and upgrading.

ESSENTIAL DUTIES & RESPONSIBILITIES

The intent of this job description is to provide a representative summary of the major duties and responsibilities performed by incumbents of this job. Incumbents may be requested to perform job-related tasks other than those specifically presented in this description.

1. Provides first level technical support for end-users, over the phone and through email, and chat. Receives incoming customer requests for application, software, hardware, and telephone support utilizing Case Management to dispatch cases/trouble tickets to appropriate departments via an Electronic Ticketing System.
2. Creates, maintains and troubleshoots network (Active Directory based) user accounts, applies other user account settings, and resets passwords.
3. Provides first level software support, which includes installing, maintaining and troubleshooting all client operating systems in use, primarily Windows operating systems, while escalating to on-site services to second and third level services.
4. Provides first level hardware support, which includes installing, configuring, upgrading, maintaining and troubleshooting numerous hardware, desktops, laptops, servers, printers, iPads, tablets, MDCs, smartphones, mobile phones, digital phone systems, projectors, etc. while escalating to on-site services to second and third level services.
5. Provides support for enterprise and personal printing issues.
6. Provides ad hoc on-site and remote technical training assistance in support of IT initiatives and projects as needed.
7. Creates, edits, tests and posts articles for the Help Desk Support Team. Creates "How To" videos using specialized software in order to train and teach the customer base new and emerging technology/applications.
8. Performs other related duties as required.

9. Adheres to assigned work schedule as outlined in the Department and City attendance policies and procedures; ensures all behaviors comply with the City's Personnel Rules and Regulations.
