GENERAL SUMMARY

Supervises, assigns, reviews and participates in the work of employees responsible for performing plans examination and review in the Planning and Development Department. Ensures work quality and adherence to established policies and procedures; and performs the more technical and complex tasks relative to assigned area of responsibility.

ESSENTIAL DUTIES & RESPONSIBILITIES

The intent of this job description is to provide a representative summary of the major duties and responsibilities performed by incumbents of this job. Incumbents may be requested to perform job-related tasks other than those specifically presented in this description.

1. Supervises staff, which includes prioritizing and assigning work; conducting performance evaluations; ensuring staff is trained; ensuring employees follow policies and procedures; maintaining a healthy and safe working environment; and, making hiring, termination, and disciplinary decisions or recommendations.
2. Establishes schedules and methods for providing plans examination, review, approval and processing services; identifies resource needs; reviews needs with appropriate management staff; and allocates resources accordingly.
3. Monitors and evaluates the quality, responsiveness, efficiency and effectiveness of the plans examination, review and approval program, delivery methods and procedures; and works with employees on the continuous improvement of the plans examination, review and approval program.
4. Recommends and assists in the implementation of goals and objectives; and implements approved policies and procedures.
5. Performs the more technical and complex tasks of the work unit, including interpreting codes and regulations for plans review staff and resolving conflict on review or approval issues.
6. Serves as liaison for Code Compliance Inspection staff. Interprets and implements Zoning Ordinance for existing cases, as needed; and acts as direct point of contact for zoning plan review team for addressing citizen concerns.
7. Develops and implements computer systems to enhance program services, including plans examination and application tracking processes.

8. Provides assistance to plans examiners on technical and procedural issues; and provides information on code interpretation, as required.
9. Provides assistance and advice to contractors, engineers, and architects as to appropriate professional acceptable standards; and interprets codes and regulations to assist them in producing drawings of conformity and reliability.
10. Provides assistance to the general public on plans review and permit approval policies and procedures.
11. Attends conferences and construction meetings on current or proposed construction projects.
12. Participates in the preparation and administration of the plans review program budget; submits budget recommendations; and monitors expenditures.
13. Prepares analytical and statistical reports on operations and activities.
14. Performs other related duties as required.
15. Adheres to assigned work schedule as outlined in the Department and City attendance policies and procedures; ensures all behaviors comply with the City's Personnel Rules and Regulations.
