GENERAL SUMMARY

Performs complex work in a variety of professional, technical and analytical safety functions in assigned department and coordinates in partnership with the Safety section in the Risk Management Division, Human Resources Department to provide opportunities to create a strong and effective safety program for the benefit of all City employees.

ESSENTIAL DUTIES & RESPONSIBILITIES

The intent of this job description is to provide a representative summary of the major duties and responsibilities performed by incumbents of this job. Incumbents may be requested to perform job-related tasks other than those specifically presented in this description.

1. Supervises assigned departmental staff, which includes prioritizing and assigning work; conducting performance evaluations; ensuring staff is trained; ensuring employees follow policies and procedures; maintaining a healthy and safe working environment; and, making hiring, termination, and disciplinary decisions or recommendations.

2. Coordinates work plan and supports safety activities related to the Safety section in the Risk Management Division, Human Resources Department. Works in conjunction with the City’s Safety Manager during department safety program audits and with scheduled access to facilities in accordance with OSHA guidelines.

3. Oversees department’s safety program development, training and safety issues; and responds to and resolves internal department concerns. Coordinates department programs, training, and internal concerns with the Safety section in the Risk Management Division, Human Resources Department.

4. Participates in both the Departmental Safety Coordinators’ meetings and Centralized Safety Committee meetings.

5. Plans and implements department training for employees in worksite safety practices. Provides department training reports to the Safety section in the Risk Management Division, Human Resources Department.

6. Conducts safety surveys and inspections, prepares written reports of findings and recommendations for corrective or preventive measures where indicated and follows
up to ensure department measures have been implemented. Provides department reports of findings and recommendations to the Safety section in the Risk Management Division, Human Resources Department.

7. Conducts department post-accident investigation and prepares reports identifying possible accident causes and hazards for use by City employee and senior management. Coordinates department post-accident investigation reporting with the Safety section in the Risk Management Division, Human Resources Department.

9. Coordinates development of departmental safety policies and procedures in compliance with local, state, and federal rules and regulations including Occupational Safety and Health Administration (OSHA) and Department of Transportation (DOT) with the Safety section in the Risk Management Division, Human Resources Department.

10. Continuously monitors and evaluates the quality, responsiveness, efficiency and effectiveness of department programs, service delivery methods and procedures; works with employees on the continuous improvement of department programs. Provides department program reports and statistics timely to the Safety section in the Risk Management Division, Human Resources Department.

11. Performs other related duties as required.

12. Adheres to assigned work schedule as outlined in the Department and City attendance policies and procedures; ensures all behaviors comply with the City's Personnel Rules and Regulations.

**MINIMUM JOB REQUIREMENTS**

Bachelor’s degree from four year college or university in safety management, occupational health and safety, environmental safety, engineering, or a closely related field and five (5) years of safety experience and/or training.

**OTHER REQUIREMENTS**

Valid Texas Driver’s License.

**WORKING CONDITIONS**

*The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.*

Depending on assignment, positions in this class typically require touching, talking, hearing, seeing, grasping, standing, walking and repetitive motions. May work with hazardous chemicals and unsafe work conditions including inclement weather.

**PHYSICAL DEMANDS**

*The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.*

Sedentary Work – Depending on assignment, positions in this class typically exert up to 10 pounds of force occasionally, a negligible amount of force frequently, and/or constantly having to lift, carry, push, pull or otherwise move objects. May be required to crouch, crawl, kneel, or stand for long periods of time. Sedentary work involves sitting most of the time. Jobs are sedentary if walking and standing are required only occasionally and all other sedentary criteria are met.
