GENERAL SUMMARY

Performs the more complex technical inspections of commercial and residential buildings to enforce compliance with applicable codes, regulations and ordinances including the adopted building, electrical, plumbing, mechanical, energy, existing building, and sign codes and City zoning codes. Provides information and customer service to developers, contractors and homeowners, resolves issues relating to building code compliance; and performs a variety of technical tasks in assigned area of responsibility.

ESSENTIAL DUTIES & RESPONSIBILITIES

The intent of this job description is to provide a representative summary of the major duties and responsibilities performed by incumbents of this job. Incumbents may be requested to perform job-related tasks other than those specifically presented in this description.

1. Performs complex inspections on multiple permits on industrial, commercial and residential construction sites to ensure that work performed meets City adopted codes and ordinances.

2. Enforces zoning regulations by inspecting existing buildings and premises for change of use or occupancy, proper use of construction materials, and compliance with applicable codes and ordinances.

3. Inspects foundation, structural concrete, steel, masonry, wood construction, framing, plumbing, mechanical and electrical installations.

4. Inspects location of new structures and checks distances between buildings in relation to neighboring structures to ensure compliance with zoning ordinance.

5. Enforces compliance with codes and ordinances including the adopted International Code Conference (ICC) building, electrical, plumbing, mechanical, energy, existing building and sign codes and City zoning codes; issues notices for non-compliance and document actions; maintains files and reports for possible legal actions.

6. Responds to complaints of defective workmanship or improper installation; inspects and determines appropriate remedial action to be taken.

7. Confers with architects, contractors, builders and the public in the field and office; explains and interprets code requirements and restrictions.
8. Enters inspection details and related information onto computer system; updates and retrieves information as required.

9. Performs customer service by interacting with customers face-to-face, over the telephone or by email.

10. May assist Combination Inspectors with minor compliance issues and construction projects.

11. Performs other related duties as required.

12. Adheres to assigned work schedule as outlined in the Department and City attendance policies and procedures; ensures all behaviors comply with the City’s Personnel Rules and Regulations.

**KNOWLEDGE, SKILLS & ABILITIES**
