GENERAL SUMMARY

Under administrative direction, supervises and monitors the performance of a regular group of employees or department responsible for providing complex analytical and administrative support; oversees and conducts complex analysis research, policy analysis and budget/financial activities; coordinates assigned activities with other divisions, outside agencies and the general public; and provides highly responsible and complex staff assistance to higher level management staff.

ESSENTIAL DUTIES & RESPONSIBILITIES

The intent of this job description is to provide a representative summary of the major duties and responsibilities performed by incumbents of this job. Incumbents may be requested to perform job-related tasks other than those specifically presented in this description.

1. Supervises staff, which includes prioritizing and assigning work; conducting performance evaluations; ensuring staff is trained; ensuring employees follow policies and procedures; maintaining a healthy and safe working environment; and, making hiring, termination, and disciplinary decisions or recommendations.

2. Participates in the development and implementation of goals, objectives, policies and priorities; recommends and implements actions resulting in development of organization-wide policies and procedures; prepares, develops, analyzes and provides recommendations for organizational structures, work methods and procedures, management control systems and unit productivity. May assist with organization-wide and internal training.

3. Identifies opportunities for improving service delivery methods and procedures; identifies resource needs; reviews with appropriate management staff; implements improvements; and prepares highly complex reports which present and interpret data collected and compiled.

4. Directs, coordinates and reviews the work plan for assigned program services and activities; assigns work activities and projects; monitors work flow; reviews and evaluates work products, methods and procedures; and meets with employees to identify and resolve highly complex problems.

5. Implements new systems, methods and procedures; monitors program progress in meeting goals and objectives; conducts updates with department head to inform of project progress; makes adjustments as necessary; designs various survey instruments; and interprets, analyzes and makes recommendations from data.
6. Coordinates and participates in process re-engineering studies for assigned department or division; conducts interviews with personnel to identify functional areas; analyzes historical data from large and unknown data sets to plot trends; prepares profile of area being studied; maps process and work flows; and identifies problem/opportunity areas.

7. Coordinates the development, complex analysis of non-relational data and trends, non-standard formulation and administration of the annual budget; reviews requests for staffing and capital outlay; forecasts funds needed for staffing, equipment and various projects; prepares departmental budget presentations; monitors and approves expenditures; and recommends adjustments as necessary.

8. Performs research involving broad parameters and non-standard analysis of multiple large, complex data sets; develops trends and recommendations to assist management in decision making.

9. Participates in and may lead special projects, including complex research of new programs and services, complex budget analysis, preparation and complex feasibility analyses; and, prepares and presents highly complex spreadsheets, data analysis, and reports detailing findings and recommendations.

10. Administers assigned contracts; negotiates and prepares complex requests for proposals or contracts with external professional service providers and vendors; monitors work progress; and ensures adherence to project schedules and budgets.

11. Provides staff assistance to higher level management; participates on a variety of committees; and prepares and presents highly complex staff reports and other correspondence as appropriate and necessary.

12. Coordinates assigned program activities with those of other divisions and outside agencies and organizations.

13. Performs other related duties as required.

14. Adheres to assigned work schedule as outlined in the Department and City attendance policies and procedures; ensures all behaviors comply with the City’s Personnel Rules and Regulations.

15. Pursuant to the City of Fort Worth’s Code of Ordinances and Personnel Rules and Regulations, employees in this position cannot file an appeal of disciplinary actions taken against them.
