2. Overview of GDRC Agenda. Full Transcription of recorded meeting is below:

We are ready to begin our Gas Drilling Review Committee Meeting for January, we only have one item here today. The transportation route of the Alliance Commerce A site.

1. Quicksilver – Alliance Commerce A (TRANSPORTATION ROUTE)

My name is David Hartford with Quicksilver. The Alliance Commerce A pad site was acquire and put in before any of the current regulations, so it never went through approval; however the Alliance Commerce B pad, just south of there, that transportation route has been approved before and we are going to use that same route to get to the A pad.

Allison – Can you tell me about the Elizabeth Creek Crossing? Looks like there is a low water crossing there...

David – I do not know, I have never been back there myself, but I will find the answer and get it to you. I believe there is a low water crossing...

Allison – (to Tom Edwards), but you have been out there

Tom– Yes, there's concrete for the water to pass through.

Allison – Is there anybody here to speak in opposition to this transportation route?
