# PERMIT HOLDER'S RESPONSIBILITIES

On November 18, 2003, the Fort Worth City Council amended Chapter 12, concerning the regulation of alarm systems. The ordinance will be in full force and effect from and after January 1, 2004.

1. The ordinance applies to a person who operates, or causes to be operated, an alarm system at an alarm site. No permit shall be required of state and federal governmental entities. City and county political subdivisions that operate alarm systems are required to obtain a permit, however, permit fees and service fees shall not be required.
2. **The Chief or authorized designee shall refuse police response to any alarm notification from an alarm site that does not have a valid alarm permit unless the alarm notification is a duress alarm, a hold-up alarm, a panic alarm or a report to 911 emergency telephone or to the police department by a person other than an alarm company.**
3. **A separate permit is required for each Alarm System and each separate address** and cannot be transferred to another person or to alarm system except by authorization of the Chief or authorized designee. Additional permit applications for multiple alarm systems at one alarm site may be obtained simply by photocopying the alarm permit application on the reverse side. Each permit application must show for each alarm system located at the alarm site the purpose of the alarm system, i.e., burglary, robbery, hostage, etc.
4. The fee for **annual permit**, an annual permit renewal or a permit reinstatement for all alarm permits is **fifty dollars (\$50.00)**. **Each permit issued pursuant to this chapter shall be valid for a twelve (12) month period from the date of issuance as indicated on the permit.** No refunds of a permit fee, permit renewal fee, or permit reinstatement fee will be made. A permit will not be renewed if the applicant has past due outstanding service fees at the alarm site or at another alarm site for which he is the permit holder, unless the service fees are under review in an appeal.
5. **A permit expires one year from the date of issuance and must be renewed annually by submitting an updated application and a permit renewal fee.** It is the responsibility of the permit holder to submit an application and the required permit fee **prior to** the permit expiration date. A permit shall not be renewed if the applicant has past due outstanding service fees at the alarm site or at another alarm site for which he is the permit holder, unless the service fees are under review in an appeal.
6. No permit fee shall be required for a permit obtained for an alarm system at a one-family or two-family dwelling when the alarm site is determined by the Chief or authorized designee to be occupied by a low-income family.
7. Within thirty (30) days of receipt of a completed application form and the required fee, the Chief or authorized designee shall issue an alarm permit to an applicant unless the applicant has failed to pay a service fee or has had an alarm permit revoked, and the violation causing the revocation has not been corrected.
8. To apply for a new permit, complete the permit application on the reverse side and return the application with a check or money order to the:
