Saving money while protecting the environment

Sydney Smart toilet suites features Caroma's exclusive Smart technology flushing system that has been developed over a decade. The Smart system delivers the ultimate combination of design, water savings and performance.

Smart technology from Caroma *saves money while protecting the environment*. Sydney Smart provides:

Proven water savings – Averaging 0.9 gallons/flush, Caroma Smart technology saves more than 19,000 gallons/72,000 liters of water per household per year compared to 3.5 gallon/13 liter single flush toilets and even more on older toilets with greater water usage.

Proven reliability – Smart technology is brought to you by the world leader in dual-flush high efficiency toilets

Proven award-winning technology – Smart technology is industry recognized as the benchmark in toilet suite innovation
