Your HOA is organizing

The Community Engagement Office lends support to community organizations within the City of Fort Worth. In an effort to respond to your community's request for help, the Community Engagement Office has offered a **temporary webpage** to assist with communication while the HOA transitions over to homeowner control.

**To view the webpage, scan the QR Code or visit
FortWorthTexas.gov/Newport**

On the webpage, you can:

- View important HOA documents (i.e., bylaws)
- Find updates on key meeting times and locations
- Subscribe to receive email communication from our office
- Download board election forms (i.e., board nominations)
- Workshop content (i.e., PPT slides)
- View maps of your community
