DETAILED PROJECT DESCRIPTION

Please provide a detailed summary of your proposal below. This should include a detailed description of the proposed use and reason for rezoning, how this use is compatible with surrounding land uses and the City's Comprehensive Plan, and any other details relevant to your request. Feel free to attach additional pages, concept plans, etc. as needed.

For PD or CUP requests, please explain why your proposal cannot be accommodated by standard zoning districts, clarify if any waivers are being requested and why, and detail any changes from previously approved site plans or development standards.

The subject property is currently zoned A-5 and surrounded by properties with A-5 & C zoning designation. Please note that majority of the lots within this area is undeveloped. Despite its zoning, the area has seen minimal development activity for a number of years. We are requesting to rezone the property to B zoning to align with the City's Comprehensive Plan and future land use designation, which encourages higher-density residential or mixed-use development.

Our proposed use for the property includes the development of single family uses, which will provide additional housing options in an area desperate for revitalization. This rezoning will enable us to execute a thoughtful plan that optimizes the property's potential while contributing to the revitalization of the surrounding area.

The proposed B zoning is compatible with the adjacent A-5 zoning as it allows for a natural transition to higher-density uses, which can stimulate further development in the area. Additionally, this rezoning aligns with the City's goals for sustainable growth, efficient land use, and improving neighborhood vitality, as outlined in the Comprehensive Plan.

This rezoning request seeks to facilitate meaningful and sustainable growth in a way that is both compatible with existing land uses and in line with the City's vision for the area's future development.
