DETAILED PROJECT DESCRIPTION

Please provide a detailed summary of your proposal below. This should include a detailed description of the proposed use and reason for rezoning, how this use is compatible with surrounding land uses and the City's Comprehensive Plan, and any other details relevant to your request. Feel free to attach additional pages, concept plans, etc. as needed.

For PD or CUP requests, please explain why your proposal cannot be accommodated by standard zoning districts, clarify if any waivers are being requested and why, and detail any changes from previously approved site plans or development standards.

The subject property is a vacant lot, currently zoned B. The proposed zoning is Urban Residential (UR), and a site plan is attached to the application showing the three for-sale single-family residences proposed for the property. The city's Comprehensive Plan specifies UR zoning for this site, so this change would bring the property into compliance with the city's land use objectives. In addition, most of the surrounding properties have already been rezoned to UR and developed with single-family residences, so the proposed use closely aligns with the land use of adjacent properties.
