DETAILED PROJECT DESCRIPTION

Please provide a detailed summary of your proposal below. This should include a detailed description of the proposed use and reason for rezoning, how this use is compatible with surrounding land uses and the City's Comprehensive Plan, and any other details relevant to your request. Feel free to attach additional pages, concept plans, etc. as needed.

For PD or CUP requests, please explain why your proposal cannot be accommodated by standard zoning districts, clarify if any waivers are being requested and why, and detail any changes from previously approved site plans or development standards.

The proposed site is located along University Drive and bordered between Bristol Rd. to the north, Hamilton Ave. to the south, and Bailey Ave. to the west and is in Council District 9. We are requesting to re-zone the property from C (multifamily medium density) and ER (commercial neighborhood commercial restricted) into MU-2 (high intensity mixed-use).

Prior to filing to modify the land-use we have engaged in an extensive community outreach program and have included "X" letters of support from our neighbors. Although we are not located within the jurisdictional boundaries of any Neighborhood Association or Neighborhood Alliance, we have proactively met with the President of the Monticello Neighborhood Association, Linwood Neighborhood Association, and the West 7th Alliance and there is no known opposition.

The MU-2 zoning classification is consistent with the Comprehensive Plan and Future Land Use map. Currently there is only 0.04% of mixed-use projects within the city limits. With only 2.8% of current zoning dedicated to mixed-use, this zoning change would help the City achieve the goal of 11.3%.

Currently the site consists of 284 multifamily units built in 1962. The proposed plan is for multifamily as well as retail intended to serve the community.
