

Request School Recycle Bins

Keep Fort Worth Beautiful wants to support our schools in their efforts to improve recycling on their campuses, and recognize and reward their achievements.

Please note that this does not establish a recycling service at your school. This program provides bins for individual classrooms and other spaces in your school to make it easier for students and teachers to recycle on campus.

This is for non-FWISD schools only. Waste Management provides classroom containers for all FWISD schools.

If you need to set up a new recycling provider, please contact our Materials Management Group at KFWB@fortworthtexas.gov or by calling 817-392-5157. They will help you through the process.

Does my school qualify?

Your school qualifies for this program if you already have a commercial recycling agreement or a self-hauling program in place. You also need to have a current list of materials accepted in your recycling program.

It is strongly encouraged that you work with your recycling servicer to obtain data on the volume and weight of recyclables that are collected at your school.

Application Criteria

1. You must have a School Green Team on your campus that will promote your Recycling at School initiative. If you don't currently have one, please fill out the application [here](#).
2. This application must be filled out completely and emailed to KFWB@FortWorthTexas.gov.
3. In addition to the School Green Team, your recycling program must be supported the custodial staff. You should establish who will be collecting the bins from the individual rooms and emptying them in your recycling dumpster.

What you will receive

Six gallon recycle bins for classrooms, offices, libraries, labs, etc. The total number of bins you will receive depends on inventory and our discretion.

Recycle Bin Request

School name _____

Number of classrooms needing bins – include library, offices, and computer labs, etc. _____

Who is your current recycling provider? _____

Do they provide information on the weight or volume your campus recycles? _____

Does your campus have a recycling dumpster? _____

If your school does not have a recycling dumpster, how will recyclables be removed from campus?

Who will collect recyclables from classrooms? Custodial staff/School Green Team students?

Where will recyclables be collected? Classrooms, cafeteria, athletic fields, teacher lounges, offices, copy rooms, etc.?

What education strategies will you use (emails, signs, morning announcements, newsletters, etc.) to inform all school personnel, students, parents and the community about how the program will work?

Next Steps

When you have finished filling out this application, please email it to KFWB@FortWorthTexas.gov with **Recycle Bin Request** in the subject line. Once we receive your application, we will schedule your free on-site training session on the program with you, the School Green Team and custodial staff.

If you have any questions regarding your request or the on-site recycling training, please contact us at KFWB@fortworthtexas.gov or call 817-392-5157.
