

*East Northside Drive Area
Sewer Main Replacement project*

*Thursday, November 14, 2024 – 11:30 a.m.
Tarrant Regional Water District, 800 E Northside Drive, 76102*

Agenda

- Introductions
- Project Overview
- Project Area
- Frequently Asked Questions
- Timeline

Your project team includes:

Project Manager: Liam Conlon

- 817-392-6824; Liam.Conlon@FortWorthTexas.gov

Inspector: Nakia McCain

- 682-319-6130; Nakia.Mccain@FortWorthTexas.gov

Your project team includes:

Contractor: SJ Louis Construction

- Adam Lunsford and Coria Gustavo

Engineering Design Consultant: Kimley Horn

- Victoria Burbridge and William Weidman

Project Overview

This segment - just south of East Northside Drive - is not in a roadway but it is under the railroad tracks.

The limits are . . .

- Just north of NE 14th Street at Woods Avenue
- Approximately 70 feet west of the Burlington Northern Santa Fe Railroad track
- East of Samuels Avenue and, parallel to East Northside Drive.
- And, the project ends 100 feet east of the Tex Rail Track (at the former UPS Customer Center).

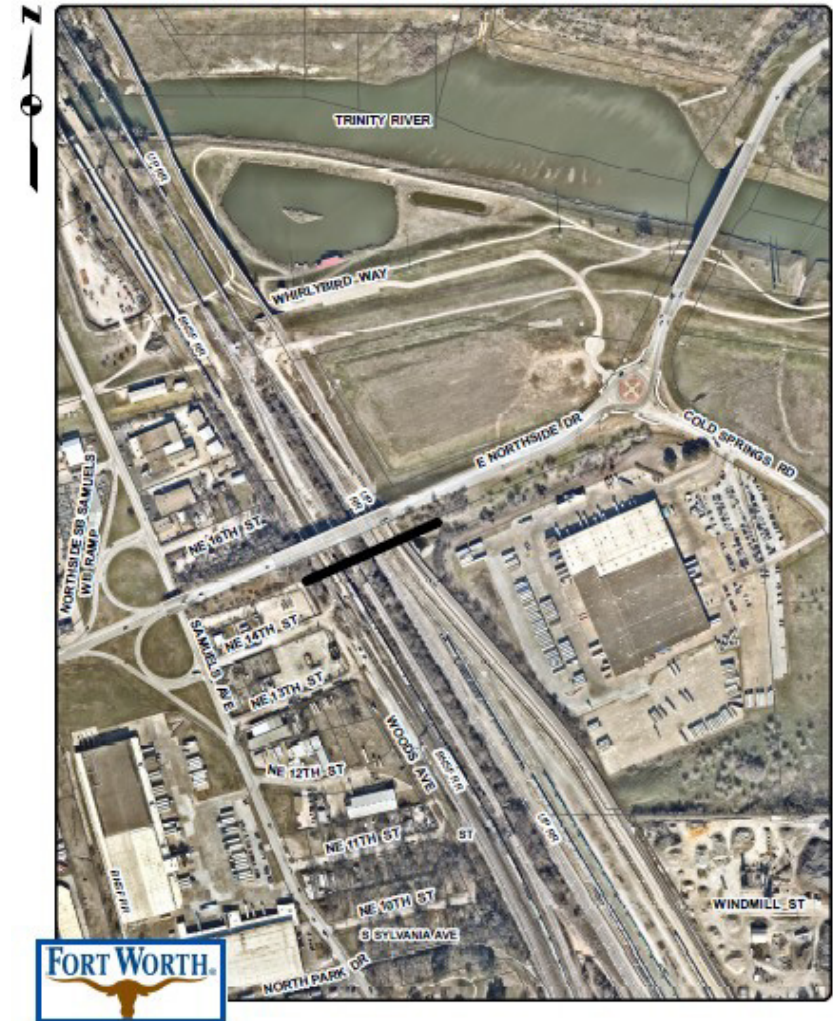

Project Overview

The existing corrugated metal sewer pipe south of East Northside Drive is 69-inches in diameter. The corrugated metal pipe was installed in 1959. The project will go under the railroads.

This Fort Worth Water capital improvement project will install a 60-inch in diameter reinforced fiberglass pipe (RFP) within this 69-inch in diameter pipe using a trenchless method called sliplining.

East Northside Drive Area Sewer Main Replacement

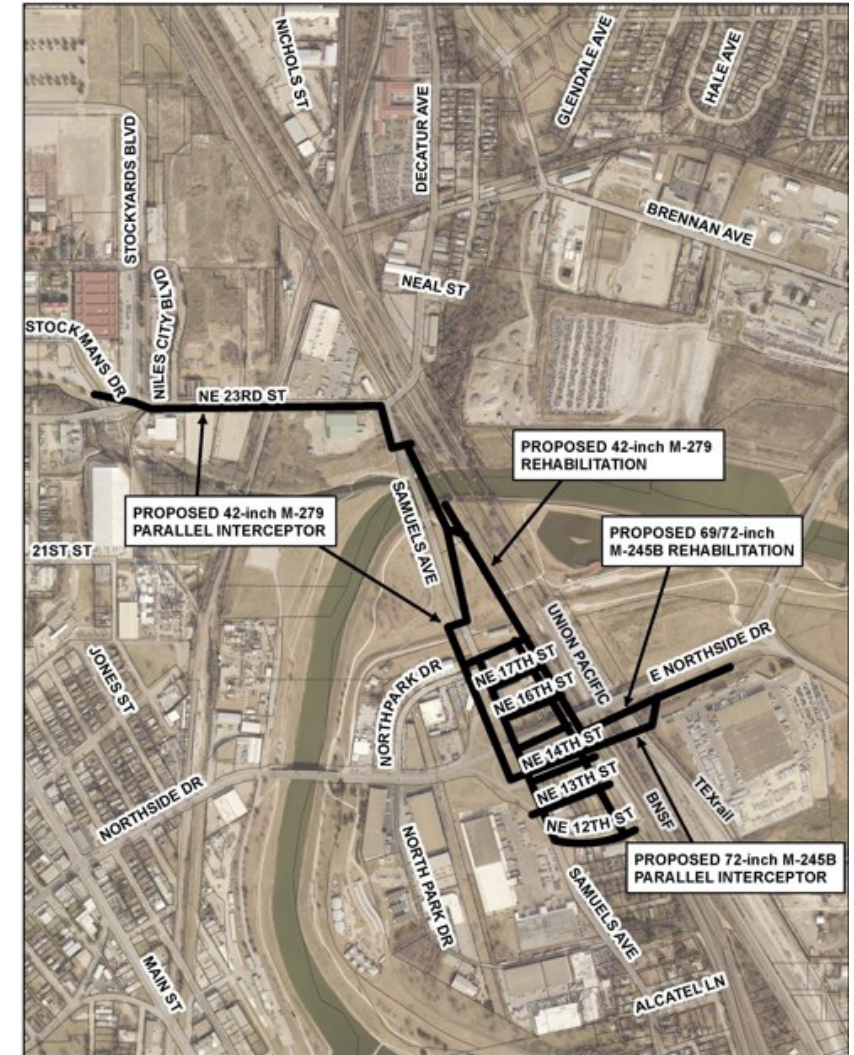

Project Overview

Slip lining involves pulling or pushing a new pipe – of a smaller diameter – in to an existing pipe.

The new 60-inch in diameter fiberglass pipe will be inserted inside the existing 69-inch in diameter corrugated iron sewer pipe.

Project Overview

This East Northside Drive Area Sewer Main Replacement project is one part of a larger project – the Marine Creek Parallel Sewer Interceptor Improvements.

Who will be impacted by the East Northside Drive Sewer project?

This Fort Worth Water capital improvement project is in the Fort Worth Downtown Neighborhood Alliance area.

Will there be lane closures during construction?

This project is not in a roadway, but there could be some lane closures as the contractor moves in and out of the construction site.

****Please watch for signs.****

The hours of construction are 7 a.m. to 6 p.m., Monday-Friday and, if requested by the contractor, 9 a.m. to 4 pm and 5 pm on Saturdays.

Signs will be posted to alert motorists.

Does the City need access to our property?

Construction will be in the easement.

No service connections will be made to the rehabilitated sewer main.

What happens if my property is damaged?

The contractor will take pictures and video of the property before breaking ground.

We also encourage property owners to take pictures and video (with a date stamp) of their property prior to construction.

Damage resulting from the contractor's activities during construction is the responsibility of the contractor.

How will we know construction is starting?

If you live in an area impacted by the construction keep an eye on your front door for a door hanger from the City of Fort Worth.

You will receive two door hangers.

The first one says
“Construction Starts in 7 days.”

WATER UTILITY IMPROVEMENTS

Construction Starts in 7 Days

WATER AND/OR WASTEWATER improvements are coming to your neighborhood. Crews are scheduled to begin work within the next SEVEN days, weather permitting.

Residents will have access to homes at all times. Water service will only be interrupted for short periods of time and advance notice will be provided as to when this will occur. There is never an interruption to wastewater service.

Residents are asked to keep all vehicles off both sides of the street during the week from 7 a.m. to 6 p.m. Travel and driveway access will be limited at times during construction.

For questions, please call 817-392-8306.

MEJORAMIENTO EN LA UTILIDAD DE AGUAS

Construcción Comienza en 7 días

Mejoramiento a agua y aguas residuales llegan a su vecindario. Los equipos están programados para comenzar a trabajar dentro de los próximos SIETE días, si el tiempo lo permite.

Los residentes tendrán acceso a sus hogares en todo momento. El servicio de agua sólo será interrumpido por períodos cortos del tiempo y el previo aviso será proporcionado en cuanto a cuando esto ocurra. Nunca hay una interrupción de servicio de alcantarillado y saneamiento.

Se pide a los residentes que retiren todos los vehículos desde a ambos lados de la calle durante la semana de 7 a.m. a 6 p.m. Los viajes y el acceso a la cochera estarán limitados a veces durante la construcción.

Para preguntas, por favor llame al 817-392-8306.

How will we know construction is starting?

The second door hanger says “Construction Starts Tomorrow.”

The inspector will include his/her business card and contact information on the door hanger.

WATER UTILITY IMPROVEMENTS

Construction Starts TOMORROW

WATER AND/OR WASTEWATER improvements are coming to your neighborhood. Crews are scheduled to begin work **TOMORROW**, weather permitting.

Residents will have access to homes. Water service will only be interrupted for short periods of time and advance notice will be provided as to when this will occur.

Residents are asked to keep all vehicles off both sides of the street during the week from 7 a.m. to 6 p.m. Travel and driveway access will be limited at times during construction.

For questions, please call 817-392-8306.

MEJORAMIENTO EN LA UTILIDAD DE AGUAS

La construcción empieza MAÑANA

Mejoramiento a agua y aguas residuales llegan a su vecindario. Los equipos están programados para comenzar a trabajar **MAÑANA**, si el tiempo lo permite.

Los residentes tendrán acceso a sus hogares en todo momento. El servicio de agua sólo será interrumpido por períodos cortos del tiempo y el previo aviso será proporcionado en cuanto a cuando esto ocurra. Nunca hay una interrupción de servicio de alcantarillado y saneamiento.

Se pide a los residentes que retiren todos los vehículos desde a ambos lados de la calle durante la semana de 7 a.m. a 6 p.m. Los viajes y el acceso a la cochera estarán limitados a veces durante la construcción.

Para preguntas, por favor llame al 817-392-8306.

Construction start date is November 18

Construction activity is anticipated to start on November 18, 2024.

The starting point is west of the railroad tracks – close by 14th Street at Woods Avenue and east of Samuels Avenue.

The projected end date is April 2025.

Where can I get more information?

Go to www.FortWorthTexas.gov and type the project number – 103497-1 – in the search bar on the home page. Marine Creek Parallel Sewer Interceptor Improvement Project will pop up. East Northside Drive Area Sewer is one segment in the overall project.

To get project updates, scroll to the bottom of the project page and click on “Subscribe to this Page.”

The project map and this PowerPoint will be linked to the project page.

How do I report an emergency or non-emergency?

Emergencies

Water main breaks, sewer backups - 24 hours a day

817-392-4477, Select Option 1

Water Call Center (non-emergency)

- 7 am to 7 pm Monday through Friday
- 817-392-4477
- Closed City holidays

Download the MyFW app from the App Store or Google Play. You can report sewer overflows, leaks and water main breaks, missing or broken meter lids, water theft, water violations, no water service, water pressure issues and other sewer concerns.
