FY2024Q1&Q2 REPORT

The Environmental Services FY2024 Q1 & Q2 Report is provided to inform residents on the department's services to the community and the results of such efforts.

The Environmental Services Department has four main public service areas:

- » **Litter Control**
- » **Consumer Health**
- » **Environmental Quality**
- » **Solid Waste Services**

All areas of service continue to achieve impressive results as the department strives to provide outstanding customer service to the public.

Our Mission

Working together to safeguard the environment and foster sustainable, thriving neighborhoods through education and engagement with the community to manage waste, advocate for health and safety, and reduce incidents of environmental pollution.

Our Vision

Fort Worth will lead through advancing goals of a clean, safe, healthy communities, environmental stewardship and responsible waste management.

Unless noted, the Environmental Services Report operates on the fiscal year instead of the calendar year. The City of Fort Worth's fiscal year runs from Oct. 1 through Sept. 30.

REQUEST SERVICES

City services can be requested easily through several methods.

1. Phone: (817) 392-1234
2. Email: 1234@fortworthtexas.gov
3. MyFW App
4. Online: www.fortworthtexas.gov/customer-care

The City of Fort Worth campaign, Litter: Stop It! Report It! Pick It Up! endorses community participation in a focused effort to control litter. Litter control advances the overarching goal of a clean, safe city. Litter control efforts are concentrated across three core tenants: (1) source control, (2) community reporting, and (3) litter abatement.

FY2024 By the Numbers: October 2023 - March 2024

10,250,075
pounds of debris collected
in FY2024 to date

3,032
litter-related
inspections

1,417,772
pounds of litter collected
by UpSpire Crews

CONSUMER HEALTH OPERATIONS

Consumer Health staff plays a crucial role in protecting the public. Staff inspects food establishments, child care centers, public swimming pools and spas, hotels, motels, lounges, and temporary food stands at special events. The goal is to prevent disease, ensure hygiene standards are met, and protect the well-being of the community.

inspections

212
mosquito traps
collected
(active season runs
April - October)

Consumer Health completed daily inspections of the 2024 Fort Worth Stock Show and Rodeo. The team processed 113 temporary permits and completed 185 inspections throughout the event. Inspectors were available daily to ensure vendors were providing the best quality products to residents. Consumer Health Specialists also completed inspections and permitting for the 2024 Fort Worth Food + Wine Festival.

investigations

The Fort Worth Convention Center is currently undergoing renovations on the eastern portion of the complex. As part of this update, the Land Quality team, in collaboration with general contractors and Pacific West, worked to successfully remove and dispose of two unregistered underground storage tanks located at the southeast entrance of the property.

SOLID WASTE OPERATIONS

The Solid Waste Services Division manages the garbage, recycling and waste reduction services for the residents of Fort Worth. All curbside collections are provided by contractors. There are more than 257,000 single-family residences that receive weekly garbage, yard waste and recycling collection services. Bulk waste is collected monthly.

FY2024 By the Numbers: October 2023 - March 2024

7,253
total households
served at
Environmental
Collection
Center

In December 2023, the Solid Waste Division revamped the scrap metal collection recycling program at all four drop-off stations. Shifting from using an outside contractor, to utilizing internal staff to haul and sell collected materials, the City has significantly enhanced the efficiency of the program.
