### GENERAL SUMMARY

Performs a variety of complex maintenance and construction tasks within an assigned department, division or work unit. Ensures work quality and adherence to established policies and procedures. Assists training and monitoring lower level employees.

### ESSENTIAL DUTIES & RESPONSIBILITIES

*The intent of this job description is to provide a representative summary of the major duties and responsibilities performed by incumbents of this job. Incumbents may be requested to perform job-related tasks other than those specifically presented in this description.*

1. Performs a variety of construction and maintenance activities in the completion of assigned divisional services and operations. Works with department crews as assigned by supervisory personnel in areas of water distribution or collection systems, irrigation installation, maintenance, and repair or equipment operation.
2. Identifies equipment needs for each assigned project. Transports and delivers heavy equipment from construction sites. Maintains equipment and monitor small crews at job-site.
3. Identifies construction, maintenance and repair needs for facilities and equipment. Performs identified work and reports maintenance and repair needs to appropriate supervisory staff. Performs preventive maintenance on equipment as assigned. Inspects equipment before use and completes daily operations reports and time sheets as assigned.
4. Performs water/wastewater functions, which include constructing and repairing water/wastewater mains, services, valves, manholes, vaults, fire hydrants and meters. Uncovers buried pipelines, cuts pipe, measures and installs new pipe.
5. Operates valves on water lines to isolate leaking sections. Repairs leaks or breaks in the distribution or collection system. Operates wastewater collection equipment to clear obstructions and replaces and repairs manholes.
6. Performs maintenance and repair of automatic and manual irrigation systems. Installs and expands new and existing irrigation systems.
7. Performs athletics maintenance and grounds keeping duties, which include mowing maintaining, measuring, lining and dragging turf fields: performing minor fence repair; applying pesticides and fertilizers; and, operating and maintaining power-driven equipment, i.e. tractors, large turf mowers, reel mowers, etc.

8. Performs golf course maintenance and grounds keeping duties, which includes trimming and planting trees, plants, and flowers. Applies pesticides and fertilizers, aerates and seeds greens; mows and maintains trees, fairways and surrounding areas; and, assists maintenance of irrigation system.
9. Assembles and disassembles traffic control pylons, barriers, and signs. Assists with traffic control activities as assigned.
10. Cleans debris from ditches, culverts and creek beds; collects and hauls trash, garbage, debris, dirt, sand and gravel; and, backfills jobs as required.
11. Cleans and maintains tools, vehicles and equipment. Completes strenuous repair, installation or construction activities.
12. Performs aviation duties to FAA standards, which include mowing and maintaining grass within the Aircraft Operations area, filling in ruts, grading soil, maintaining construction barricades, repairing or replacing taxiways, runways, windsocks, sign lights, electrical fences and facilities as needed. Paints pavement, applies herbicides and performs other related duties as assigned. Communicate with air traffic control and navigate in restricted areas.
13. Performs construction, maintenance, and grounds keeping activities such as concrete work, truck driving, asphalt spreading and mowing.
14. Meets with crew leader and other supervisory personnel to determine job methods.
15. Performs other related duties as required.
16. Adheres to assigned work schedule as outlined in the Department and City attendance policies and procedures; ensures all behaviors comply with the City's Personnel Rules and Regulations.
